

37" Stretched Display

YJc's Stretched Display is designed to provide a wider and more immersive viewing experience, ideal for advertising in narrow spaces. Their slim, elongated form factor makes them perfect for applications such as retail signage, transportation displays, and control rooms.

With vibrant image quality and energy efficiency, they offer a sleek solution for businesses looking to captivate audiences in modern, space-constrained environments.

Highlights

DIGITAL SHELF

STRETCHED BAR LCD DISPLAY

 Intelligent Split Screen
  Supports Horizontal and Vertical Switching
  High-Definition Display
  7*24 Hours Operation

Landscape & portrait

Both landscape and portrait orientations are possible, providing you with endless creative and functional possibilities to fulfil your commercial or informative goals

178° Wide viewing angle

The extra wide 178° viewing angle is a perfect fit for shoppers, employees or visitors that will view outdoor IP66 display.

Optional Cloud Update

For a small charge you can also upgrade your screen to be networked, allowing you to remotely update your screen via LAN or WiFi. To find out more about our Digital Signage CMS

IPS Panels

Commercial grade IPS technology accurately displays image quality and colour depth with no fall-off in colour accuracy.

Plug & Play

uploading images to the screen via a USB stick. Insert into the display, wait for your content to copy over and then remove. Your images and videos will now play in a continuous loop.

LED Backlight

Thanks to their LED backlight these displays offer improved brightness and contrast as well as drastically improving their lifespan & reducing their power consumption.
