

55" Video Wall

YJcen's Video Wall solution offers seamless large-screen displays that deliver exceptional visual quality, ideal for showcasing high-impact content in various commercial and public settings. Whether for retail displays, corporate presentations, or public information broadcasts, it provides superior HD clarity, enhancing brand communication and customer experience. With high brightness, excellent contrast, and reliable 24/7 operation, it's the perfect choice for any environment."

Highlights

Modular

Their modular design allows you to build video walls of any size, making them completely modular.

Landscape & portrait

Both landscape and portrait orientations are possible, providing you with endless creative and functional possibilities to fulfil your commercial or informative goals.

178° Wide viewing angle

The extra wide 178° viewing angle is a perfect fit for shoppers, employees or visitors that will view outdoor IP66 display.

24/7 operation

Built using commercial grade LCD panel & LED Backlights, these displays can be in constant 24/7 use for over 50,000 hours.

IPS Panels

Commercial grade IPS technology accurately displays image quality and colour depth with no fall-off in colour accuracy.

LED Backlight

Thanks to their LED backlight these displays offer improved brightness and contrast as well as drastically improving their lifespan & reducing their power consumption.
