

43" Portable Display

YJc's Portable Display is an outstanding addition to any setting, boasting impressive features such as FHD/UHD, Plug and Play functionality, and optional Touchscreen and Network upgrade.

Highlights

Tablet-Like Styling

Designed to resemble a giant smartphone or tablet. The sleek look is achieved with a striking aluminium surround and stunning IPX1 rated edgeto-edge glass.

Optional Cloud Update

For a small charge you can also upgrade your screen to be networked, allowing you to remotely update your screen via LAN or WiFi. To find out more about our Digital Signage CMS.

400cd/m² IPS Panels

Commercial grade IPS technology accurately displays image quality and colour depth with no fall-off in colour accuracy.

Android OS

Built using commercial grade LCD panel & LED Backlights, these displays can be in constant 24/7 use for over 50,000 hours.

178° Wide viewing angle

The extra wide 178° viewing angle is a perfect fit for shoppers, employees or visitors that will view the display.

Plug & Play

uploading images to the screen via a USB stick. Insert into the display, wait for your content to copy over and then remove. Your images and videos will now play in a continuous loop.

Specifications
